STRAP INTERCONNECTION ADJUSTING ASSEMBLY

BACKGROUND OF THE INVENTION

FIELD OF THE INVENTION

Exercise equipment

DESCRIPTION OF THE PRIOR ART

[0001] Occasionally a descriptive term in this application may be shortened so as to recite only a part rather than the entirety thereof as a matter of convenience or to avoid needless redundancy. In instances in which that is done, applicant intends that the same meaning be afforded each manner of expression. Thus, the term *door-mounting loop securing means (104)* might be used in one instance but in another, if meaning is otherwise clear from context, expression might be shortened to *loop securing means (104)* or merely
